Football this season has been one of happiness and sadness. The team has played hard and made points but they haven't achieved the goal of all football teams. We should be proud of our team they've worked hard and proved themselves leaders to come.

HELP

Tolt wouldn't be the school it is today without the help of its staff behind the scenes. This hidden staff consists of Bus-drivers, Janitors, Mechanics, and Secretaries, which prove to be very helpful in assisting us throughout our routine school day. We are quite lucky to have such great help, and hope that the next generation will be as lucky.

ASSOCIATED STUDENT BODY REPRESENTATIVES

Dennis Schosboek and Rob Wallace,
our leaders.

The government of our school is led by our Student Council. They analyze the problems of our school and try to remedy them as best they can. If they need help or questions to be answered they go to the principal for the answers. Usually the Student Council is left to face things by themselves. As it has been shown they've come through with flying colors.
